20180904 - Daily Scrum Meeting Minutes
Attendees: Bryan Bastida, Andrew Castillo
Start time: 11:00AM
End time: 11:15AM

@Bryan Bastida:
- What was done since the last scrum meeting?
    - Added user stories to JIRA
- What is planned to be done until the next scrum meeting?
    - Keep doing research
    - Plan out scrum, sprint, restrospective, and review meeting times
- What are the hurdles?
    - NA

@Andrew Castillo:
- What was done since the last scrum meeting?
    - Research frameworks
    - Looked at examples of similar work
- What is planned to be done until the next scrum meeting?
    - Keep doing research
    - Plan out scrum, sprint, restrospective, and review meeting times
- What are the hurdles?
    - NA

20180905 - Daily Scrum Meeting Minutes
Attendees: Bryan Bastida, Andrew Castillo
Start time: 11:00AM
End time: 11:15AM

@Bryan Bastida:
- What was done since the last scrum meeting?
    - Had our first sprint meeting with the back end developers
- What is planned to be done until the next scrum meeting?
    - Work on assigned user stories
- What are the hurdles?
    - Getting familiar with our frameworks

@Andrew Castillo:
- What was done since the last scrum meeting?
    - Had our first sprint meeting with the back end developers
    - Discussion of project deliverables
- What is planned to be done until the next scrum meeting?
    - Work on assigned user stories
- What are the hurdles?

- ○ Getting familiar with our frameworks

20180906 - Daily Scrum Meeting Minutes
Attendees: Bryan Bastida, Andrew Castillo
Start time: 11:00AM
End time: 11:12AM

@Bryan Bastida:
- What was done since the last scrum meeting?
  - ○ Started the Display Results User Story
- What is planned to be done until the next scrum meeting?
  - ○ Finish Display Results, View PDF, and Cite User Stories
- What are the hurdles?
  - ○ How to create class diagram

@Andrew Castillo:
- What was done since the last scrum meeting?
  - ○ Started learning Bootstrap Studio
  - ○ Created Navbar
- What is planned to be done until the next scrum meeting?
  - ○ Look at JavaScript promises
  - ○ Look at more functionalities with Bootstrap
- What are the hurdles?
  - ○ Getting familiar with frameworks

20180907- Daily Scrum Meeting Minutes
@Bryan Bastida:
- What was done since the last scrum meeting?
  - ○ Use case, use case diagram, and sequence diagram for Display Results, View PDF, and Cite.
- What is planned to be done until the next scrum meeting?
  - ○ Start working with Bootstrap to implement the use cases
  - ○ Start using Bitbucket to upload word documents for each user story
- What are the hurdles?
  - ○ Learning Bootstrap
  - ○ Learning Bitbucket

@Andrew Castillo:
- What was done since the last scrum meeting?
  - ○ Started creation of first page of the website
- What is planned to be done until the next scrum meeting?
  - ○ Organize user story acceptance criteria and UML diagrams
  - ○ Learn more on javascript
- What are the hurdles?

- ○ Need to learn more about javascript before I can understand javascript promises

20180910 - Daily Scrum Meeting Minutes
Attendees: Bryan Bastida, Andrew Castillo
Start time: 2:30PM
End time: 2:45PM

@Bryan Bastida:
- What was done since the last scrum meeting?
  - ○ Created page layout for Display Results
  - ○ Started learning how to create an API using Node JS and Express
- What is planned to be done until the next scrum meeting?
  - ○ Start building the API
  - ○ Create Use Case Diagram for Base UI Epic
- What are the hurdles?
  - ○ Learning how to build an API

@Andrew Castillo:
- What was done since the last scrum meeting?
  - ○ Learning javascript
  - ○ Continue working with bootstrap studio
  - ○ Research website architecture
- What is planned to be done until the next scrum meeting?
  - ○ Organize user story acceptance criteria and UML diagrams
  - ○ Learn javascript
- What are the hurdles?
  - ○ Learning new frameworks

20180911 - Daily Scrum Meeting Minutes
Attendees: Bryan Bastida, Andrew Castillo
Start time: 11:00AM
End time: 11:15AM

@Bryan Bastida:
- What was done since the last scrum meeting?
  - ○ Started learning how to build an API
- What is planned to be done until the next scrum meeting?
  - ○ Continue working on API
- What are the hurdles?
  - ○ Learning how to build an API

@Andrew Castillo:
- What was done since the last scrum meeting?
  - ○ Organizing user stories with the UML diagrams
  - ○ Learn javascript

- What is planned to be done until the next scrum meeting?
  - Finish up user story deliverables
  - Learn general website architecture
- What are the hurdles?
  - Learning new frameworks

20180912 - Daily Scrum Meeting Minutes
Attendees: Bryan Bastida, Andrew Castillo
Start time: 2:30pm
End time: 2:46pm

@Bryan Bastida:
- What was done since the last scrum meeting?
  - Got Display Results running on localhost server
  - Working on building API
- What is planned to be done until the next scrum meeting?
  - Do the Base UI user story diagrams
  - Continue working on API
- What are the hurdles?
  - Save search query to then use it in database to retrieve information.

@Andrew Castillo:
- What was done since the last scrum meeting?
  - Finished user story deliverables
  - Continued to learn website architecture
- What is planned to be done until the next scrum meeting?
  - Learn more about website architecture
  - Transition from the home page and save the query when the search button is pressed
  - Create required videos
- What are the hurdles?
  - Lack of knowledge in the subject

20180913 - Daily Scrum Meeting Minutes
Attendees: Bryan Bastida, Andrew Castillo
Start time: 11:00AM
End time: 11:15AM

@Bryan Bastida:
- What was done since the last scrum meeting?
  - Connected Display Results page to the database
  - Able to show results from the database to the screen
- What is planned to be done until the next scrum meeting?
  - Finish Base UI user story diagram

- - Send search query from homepage to database
  - What are the hurdles?
    - Sending search query from homepage to database

@Andrew Castillo:
- What was done since the last scrum meeting?
  - Transition from homepage to display results
- What is planned to be done until the next scrum meeting?
  - Learn more about website architecture
  - Create required videos
- What are the hurdles?
  - Bootstrap styling
  - Saving the query from search

20180914 - Daily Scrum Meeting Minutes
Attendees: Bryan Bastida, Andrew Castillo
Start time: 5:00pm
End time: 5:10pm

@Bryan Bastida:
- What was done since the last scrum meeting?
  - Completed Base UI user story
- What is planned to be done until the next scrum meeting?
  - Get basic functionalities working for searching
  - Create videos
  - Sprint Retrospective
- What are the hurdles?
  - Learning how to get basic functionalities working for searching

@Andrew Castillo:
- What was done since the last scrum meeting?
  - Learn the website architecture
- What is planned to be done until the next scrum meeting?
  - Create videos
  - Sprint Retrospective
- What are the hurdles?
  - Learning how website components interact with each other

20180917 - Daily Scrum Meeting Minutes
Attendees: Bryan Bastida, Andrew Castillo
Start time: 5:00pm
End time: 5:09pm

@Bryan Bastida:
- What was done since the last scrum meeting?
    - Created videos for Confluence
    - Uploaded final documentation for Sprint 1
- What is planned to be done until the next scrum meeting?
    - Start Login user story
    - Start learning Angular for organizing the database output
    - Complete Sprint Planning
- What are the hurdles?
    - Learning how to create a Firebase database for logging in.

@Andrew Castillo:
- What was done since the last scrum meeting?
    - Created videos for Confluence
    - Uploaded final documentation for Sprint 1
- What is planned to be done until the next scrum meeting?
    - Redesign some aspects of the website
    - Continue learning website architecture and each of their parts (Angular, etc.)
    - Complete Sprint Planning
- What are the hurdles?
    - Learning how website components interact with each other

20180918 - Daily Scrum Meeting Minutes
Attendees: Bryan Bastida, Andrew Castillo
Start time: 11:05am
End time: 11:20am

@Bryan Bastida:
- What was done since the last scrum meeting?
    - Created user story deliverable for Login
    - Started building Firebase database for Login
- What is planned to be done until the next scrum meeting?
    - Finish creating the database
- What are the hurdles?
    - Learning how to create a Firebase database for logging in.

@Andrew Castillo:
- What was done since the last scrum meeting?
    - Completed Sprint Planning
    - Finalized uploads for Sprint 1
    - Met with back end developers for a status Update
- What is planned to be done until the next scrum meeting?
    - Redesign some aspects of the website

- ○ Continue learning website architecture and each of their parts (Angular, etc.)
- ● What are the hurdles?
  - ○ Learning how website components interact with each other

20180919 - Daily Scrum Meeting Minutes
Attendees: Bryan Bastida, Andrew Castillo
Start time: 2:30pm
End time: 2:44pm

@Bryan Bastida:
- ● What was done since the last scrum meeting?
  - ○ Finished basic Firebase database for Login
- ● What is planned to be done until the next scrum meeting?
  - ○ Style the Login screen to match the EnvoScholar theme
- ● What are the hurdles?
  - ○ Nothing at the moment

@Andrew Castillo:
- ● What was done since the last scrum meeting?
  - ○ Continue learning website architecture and each of their parts (Angular, javascript)
  - ○ Continued working on the Query Entry user story
- ● What is planned to be done until the next scrum meeting?
  - ○ Redesign some aspects of the website
  - ○ Continue working on Query Entry user story
- ● What are the hurdles?
  - ○ Learning how website components interact with each other

20180920 - Daily Scrum Meeting Minutes
Attendees: Bryan Bastida, Andrew Castillo
Start time: 11:00AM
End time: 11:15AM

@Bryan Bastida:
- ● What was done since the last scrum meeting?
  - ○ Restyled Home page, Display Results, Login, and Register
  - ○ Started learning Angular to implement Angular to our project
- ● What is planned to be done until the next scrum meeting?
  - ○ Continue learning Angular
- ● What are the hurdles?
  - ○ Learning Angular

@Andrew Castillo:
- ● What was done since the last scrum meeting?
  - ○ Started implementing js into Query User story
- ● What is planned to be done until the next scrum meeting?

- ○ Troubleshoot problems with incorporating the new frameworks for a stable environment
- ● What are the hurdles?
  - ○ Incorporating new frameworks into existing infrastructure

20180921 - Daily Scrum Meeting Minutes
Attendees: Bryan Bastida, Andrew Castillo
Start time: 2:30pm
End time: 2:38pm

@Bryan Bastida:
- ● What was done since the last scrum meeting?
  - ○ Tried to implement Angular to our existing project
- ● What is planned to be done until the next scrum meeting?
  - ○ Continue learning how to make our project compatible with Angular
- ● What are the hurdles?
  - ○ Figuring out how to get the project compatible with Angular

@Andrew Castillo:
- ● What was done since the last scrum meeting?
  - ○ Troubleshoot problems with incorporating the new frameworks for a stable environment
  - ○ Create Profile page via bootstrap studio
- ● What is planned to be done until the next scrum meeting?
  - ○ Troubleshoot problems with incorporating the new frameworks for a stable environment
  - ○ Saving queries from searches
- ● What are the hurdles?
  - ○ Troubleshoot problems with incorporating the new frameworks for a stable environment

20180924 - Daily Scrum Meeting Minutes
Attendees: Bryan Bastida, Andrew Castillo
Start time: 2:30pm
End time: 2:40pm

@Bryan Bastida:
- ● What was done since the last scrum meeting?
  - ○ Finished implementing Angular in our project
- ● What is planned to be done until the next scrum meeting?
  - ○ Start trying to access database through query search
  - ○ Finish adding elements to homescreen
- ● What are the hurdles?
  - ○ Waiting for database and API

- ○ Learning how to access database through query search

@Andrew Castillo:
- ● What was done since the last scrum meeting?
  - ○ Troubleshoot problems with incorporating the new frameworks for a stable environment
  - ○ Updated Profile page via bootstrap studio with basic design
- ● What is planned to be done until the next scrum meeting?
  - ○ Troubleshoot problems with incorporating the new frameworks for a stable environment
  - ○ Add some nicer design aspects to the profile page
- ● What are the hurdles?
  - ○ N/A

20180925 - Daily Scrum Meeting Minutes
Attendees: Bryan Bastida, Andrew Castillo
Start time: 11:03am
End time: 11:14am

@Bryan Bastida:
- ● What was done since the last scrum meeting?
  - ○ Fixed the homepage by removing the need to scroll and added the FIU logo
  - ○ Started trying to access the database using Node JS and Express
- ● What is planned to be done until the next scrum meeting?
  - ○ Continue working with Node to access the database
- ● What are the hurdles?
  - ○ An obscene amount of errors trying to do so. I'm building a new project and trying to move important files around to get this to work properly.

@Andrew Castillo:
- ● What was done since the last scrum meeting?
  - ○ Troubleshoot problems with incorporating the new frameworks for a stable environment and fixed the issues
  - ○ Updated Profile page via bootstrap studio with some extra design
  - ○ Incorporate profile page to the rest of the site
- ● What is planned to be done until the next scrum meeting?
  - ○ Updating the website with angular features
  - ○ Update the profile page with the EnvoScholar navbar
  - ○ Saving queries from searches
- ● What are the hurdles?
  - ○ Figuring out the environment to be stable to implement some of the tasks

20180926 - Daily Scrum Meeting Minutes
Attendees: Bryan Bastida, Andrew Castillo
Start time: 4:00pm
End time: 4:15pm

@Bryan Bastida:
- What was done since the last scrum meeting?
  - Had to build a new project and transfer over the files from the original because I could not fix the errors i was getting.
- What is planned to be done until the next scrum meeting?
  - Continue fixing the environment.
- What are the hurdles?
  - Errors with angular imports

@Andrew Castillo:
- What was done since the last scrum meeting?
  - Working on the profiles page
- What is planned to be done until the next scrum meeting?
  - Get frameworks to interact nicely with each other
  - Get a simple backend to work with our front end build
- What are the hurdles?
  - Figuring out the environment to be stable to implement some of the tasks

20180927 - Daily Scrum Meeting Minutes
Attendees: Bryan Bastida, Andrew Castillo
Start time: 11:05am
End time: 11:15am

@Bryan Bastida:
- What was done since the last scrum meeting?
  - Finished building new project and have everything back to how it was originally, working 100% with Angular 6
- What is planned to be done until the next scrum meeting?
  - Implement working search functionality
- What are the hurdles?
  - Learning how to use query parameters

@Andrew Castillo:
- What was done since the last scrum meeting?
  - Worked on profile page
  - Research on how to make our existing platform work well
- What is planned to be done until the next scrum meeting?
  - Working on the search functionality
- What are the hurdles?
  - Learning about how the frameworks work together

20180928 - Daily Scrum Meeting Minutes
Attendees: Bryan Bastida, Andrew Castillo
Start time: 11:00AM

End time: 11:15AM

@Bryan Bastida:
- What was done since the last scrum meeting?
  - Integrated backend api with front end
- What is planned to be done until the next scrum meeting?
  - Implement working search functionality
- What are the hurdles?
  - Learning how to use query parameters

@Andrew Castillo:
- What was done since the last scrum meeting?
  - Working on how to configure backend with frontend
- What is planned to be done until the next scrum meeting?
  - Working on how to configure backend with frontend
- What are the hurdles?
  - Learning about how the frameworks work together

20181001 - Daily Scrum Meeting Minutes
Attendees: Bryan Bastida, Andrew Castillo
Start time: 5:00PM
End time: 5:15PM

@Bryan Bastida:
- What was done since the last scrum meeting?
  - Got the front end and back end running through the same port.
  -
- What is planned to be done until the next scrum meeting?
  - Start research on ontology and how to implement one for our project
- What are the hurdles?
  - Learning about ontologies

@Andrew Castillo:
- What was done since the last scrum meeting?
  - Meeting with project owner
  - Working on the functionality for the search bar
- What is planned to be done until the next scrum meeting?
  - Working on the deliverables for Sprint 2
- What are the hurdles?
  - Figuring out confluence and dealing with the website's downtime

20181002 - Daily Scrum Meeting Minutes
Attendees: Bryan Bastida, Andrew Castillo
Start time: 11:00AM
End time: 11:15AM

@Bryan Bastida:

- What was done since the last scrum meeting?
  - Started research on ontology
  - Fixed space on JIRA
  - Updated old user story documents with current pictures
- What is planned to be done until the next scrum meeting?
  - Continue researching how to implement ontology into our website
- What are the hurdles?
  - Implementing ontology into our website

@Andrew Castillo:
- What was done since the last scrum meeting?
  - Uploading things to confluence, space etc.
  - Created and completed deliverables for Sprint2
- What is planned to be done until the next scrum meeting?
  - Working on how to configure backend with frontend
  - Finish all deliverables uploads to confluence etc.
- What are the hurdles?
  - Figuring out confluence and dealing with the website's downtime

20181003 - Daily Scrum Meeting Minutes
Attendees: Bryan Bastida, Andrew Castillo
Start time: 2:30PM
End time: 2:45PM

@Bryan Bastida:
- What was done since the last scrum meeting?
  - Researched more on ontology widget creation
  -
- What is planned to be done until the next scrum meeting?
  - Start implementing the widget
- What are the hurdles?
  - Understanding how to create an ontology widget

@Andrew Castillo:
- What was done since the last scrum meeting?
  - Working on updating confluence
  - Researching what to do for ontology visualization
- What is planned to be done until the next scrum meeting?
  - Finish all deliverables uploads to confluence etc.
  - Finalize desired ontology for implementation
- What are the hurdles?
  - Figuring out confluence and dealing with the website's downtime

20181004 - Daily Scrum Meeting Minutes
Attendees: Bryan Bastida, Andrew Castillo
Start time: 11:00AM
End time: 11:15AM

@Bryan Bastida:
- What was done since the last scrum meeting?
  - Started implementing ontology to our web page
  -
- What is planned to be done until the next scrum meeting?
  - Finish adding ontology to web page
  -
- What are the hurdles?
  - Understanding how to add ontology to the web page

@Andrew Castillo:
- What was done since the last scrum meeting?
  - Rebuild the Confluence spaces
  - Add some documentation
- What is planned to be done until the next scrum meeting?
  - Add and create videos for Sprint 1 and 2 to be up to date
- What are the hurdles?
  - N/A

20181005 - Daily Scrum Meeting Minutes
Attendees: Bryan Bastida, Andrew Castillo
Start time: 2:30pm
End time: 2:45pm

@Bryan Bastida:
- What was done since the last scrum meeting?
  - Added user story documents to the new Confluence space
  - Worked on finishing the ontology viewer
- What is planned to be done until the next scrum meeting?
  - Finish left over user story documents and videos
- What are the hurdles?
  - NA

@Andrew Castillo:
- What was done since the last scrum meeting?
  - Working on Sprint documentation
  - Testing the ontology viewer in my environment
- What is planned to be done until the next scrum meeting?
  - Finish the sprint documentation and creating all the videos required
- What are the hurdles?
  - NA

20181008 - Daily Scrum Meeting Minutes
Attendees: Bryan Bastida, Andrew Castillo

Start time: 2:30pm
End time: 2:45pm

@<Enter Team Member 1's Name>:
- What was done since the last scrum meeting?
  - Created user story documents for sprint 3
  - Created user story video
- What is planned to be done until the next scrum meeting?
  - Go back to working on search query
  - Finish previous user story videos
- What are the hurdles?
  - Not having the back end code that helps with the search query

@Andrew Castillo:
- What was done since the last scrum meeting?
  - Working on video creation.
  - Attended javascript session to help implementation with our website
- What is planned to be done until the next scrum meeting?
  - Continue to figure out query entry user story
  - Finalize the video submissions for previous sprints
- What are the hurdles?
  - Figuring out the what is wanted in video submission
  - Learning javascript implementation in our website

20181009 - Daily Scrum Meeting Minutes
Attendees: Bryan Bastida, Andrew Castillo
Start time: 11:00AM
End time 11:15AM

@Bryan Bastida:
- What was done since the last scrum meeting?
  - Edited and worked on previous user stories that were not fully completed
  - Finished and uploaded some user story videos
  -
- What is planned to be done until the next scrum meeting?
  - Start search for the ontology
- What are the hurdles?
  - Running scripts using Angular components

@Andrew Castillo:
- What was done since the last scrum meeting?
  - Editing videos to upload to the youtube channel
  - Worked on the Query entry user story
- What is planned to be done until the next scrum meeting?
  - Finish all deliverables uploads to confluence youtube, inform P.O. via hipchat

- ○ Hopefully finish the query entry user story
  - ● What are the hurdles?
    - ○ Understanding what is needed for the uploads to be done correctly.

20181010 - Daily Scrum Meeting Minutes
Attendees: Bryan Bastida, Andrew Castillo
Start time: 3:30 PM
End time: 3:45 PM

@Bryan Bastida:
- ● What was done since the last scrum meeting?
  - ○ Started user story document for next task
- ● What is planned to be done until the next scrum meeting?
  - ○ Finish user story document and start implementation
- ● What are the hurdles?
  - ○ NA

@Andrew Castillo:
- ● What was done since the last scrum meeting?
  - ○ Finalized the Sprint videos
  - ○ Continued work on the Query Entry user story
- ● What is planned to be done until the next scrum meeting?
  - ○ Finish the Query Entry user story
- ● What are the hurdles?
  - ○ N/A

20181011 - Daily Scrum Meeting Minutes
Attendees: Bryan Bastida, Andrew Castillo
Start time: 11:00AM
End time: 11:15AM

@Bryan Bastida:
- ● What was done since the last scrum meeting?
  - ○ Finished document for second task of sprint 3
- ● What is planned to be done until the next scrum meeting?
  - ○ Start implementing the search function for the ontology
- ● What are the hurdles?
  - ○ Using scripts in Angular

@Andrew Castillo:
- ● What was done since the last scrum meeting?
  - ○ Working on updating JIRA.
  - ○ Working on Query Entry user story
- ● What is planned to be done until the next scrum meeting?
  - ○ Working on Query Entry
- ● What are the hurdles?

- ○ Understanding Angular

20181012 - Daily Scrum Meeting Minutes
Attendees: Bryan Bastida, Andrew Castillo
Start time: 5:00pm
End time: 5:15pm

@Bryan Bastida:
- What was done since the last scrum meeting?
  - ○ Finished both tasks for the ontology
- What is planned to be done until the next scrum meeting?
  - ○ Start implementing REST API for our search queries
  - ○ Load website to dedicated VM server
- What are the hurdles?
  - ○ Understanding how to use REST API with Angular
  - ○ Figuring out how to work on our project from with the VM server without having to always load the files back in from the localhost

@Andrew Castillo:
- What was done since the last scrum meeting?
  - ○ Working on query entry user story
- What is planned to be done until the next scrum meeting?
  - ○ Continue working on query entry user story
- What are the hurdles?
  - ○ Familiarizing myself with Angular

20181015 - Daily Scrum Meeting Minutes
Attendees: Bryan Bastida, Andrew Castillo
Start time: 5:00PM
End time: 5:15PM

@Bryan Bastida:
- What was done since the last scrum meeting?
  - ○ Started loading website to dedicated server
  - ○ Started implementing REST API to work with Angular front end
- What is planned to be done until the next scrum meeting?
  - ○ Create user story documentation for Sprint 4
  - ○ Continue working with REST API and search query
- What are the hurdles?
  - ○ Understanding how to work with REST API and search query

@Andrew Castillo:
- What was done since the last scrum meeting?
  - ○ Continued work on query entry user story
- What is planned to be done until the next scrum meeting?

- ○ Continued work on query entry including the implementation of the REST API
- ● What are the hurdles?
  - ○ Figuring out how to implement the REST API since it exist outside of our local machine

20181016 - Daily Scrum Meeting Minutes
Attendees: Bryan Bastida, Andrew Castillo
Start time: 11:00AM
End time: 11:15AM

@Bryan Bastida:
- ● What was done since the last scrum meeting?
  - ○ Had Sprint Planning Meeting
  - ○ Started documentation for tasks for Sprint 4
- ● What is planned to be done until the next scrum meeting?
  - ○ Finish any videos from the previous sprint
  - ○ Start implementing the tasks for Sprint 4
- ● What are the hurdles?
  - ○ Currently are not able to access API outside of the FIU campus
  - ○ Trying to connect to the FIU VPN

@Andrew Castillo:
- ● What was done since the last scrum meeting?
  - ○ Finishing the documentation for Sprint 3
  - ○ Starting Documentation for Sprint 4
  - ○ Troubleshooting and discussing requirements with backend developers to connect REST API
- ● What is planned to be done until the next scrum meeting?
  - ○ Figuring out a way to start the implementation of the REST API to our Angular Application
  - ○ Making sure all JIRA requirements are up to date
  - ○ Create Sprint Planning video
  - ○ Work on query entry user story.
- ● What are the hurdles?
  - ○ We currently have a problem getting access to the API in an off campus setting to even test the connection

20181017 - Daily Scrum Meeting Minutes
Attendees: Bryan Bastida, Andrew Castillo
Start time: 3:30PM
End time: 3:45PM

@Bryan Bastida:
- ● What was done since the last scrum meeting?
  - ○ Started working with the REST API to display results from a search

- What is planned to be done until the next scrum meeting?
  - Continue working on implementation
- What are the hurdles?
  - Getting it to work with our current component.html files

@Andrew Castillo:
- What was done since the last scrum meeting?
  - Finish deliverables requirements for main documentation
  - Figured out how to get connected to the DB from outside the FIU network
- What is planned to be done until the next scrum meeting?
  - Work on NVOS-3 - Query Entry Done
- What are the hurdles?
  - N/A

20181018 - Daily Scrum Meeting Minutes
Attendees: Bryan Bastida, Andrew Castillo
Start time: 11:00AM
End time: 11:15AM
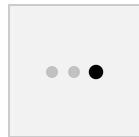

@Bryan Bastida:
- What was done since the last scrum meeting?
  - Finished NVOS-3 - Query Entry Done
  - Finished NVOS-4 - Display Results Done
- What is planned to be done until the next scrum meeting?
  - Start working on query construction using concepts
  - Finish videos for the tasks that were completed
- What are the hurdles?
  - NA
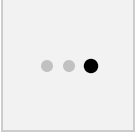

@Andrew Castillo:
- What was done since the last scrum meeting?
  - Finished NVOS-3 - Query Entry Done

- ○ Finished [NVOS-4](#) - Display Results Done
- What is planned to be done until the next scrum meeting?

- ○ Finish [NVOS-7](#) - Sort and Filter Results Done
- ○ Contact Aaron in how to correctly structure Bitbucket for review.
- What are the hurdles?
  - ○ N/A

20181019 - Daily Scrum Meeting Minutes
Attendees: Bryan Bastida, Andrew Castillo
Start time: 5:00pm
End time: 5:15pm

@Bryan Bastida
- What was done since the last scrum meeting?
  - ○ Started working on concept construction
- What is planned to be done until the next scrum meeting?
  - ○ Continue working concept construction
  - ○ Finish user story videos
- What are the hurdles?
  - ○ NA

@Andrew Castillo
- What was done since the last scrum meeting?
  - ○ Worked on the concept construction
- What is planned to be done until the next scrum meeting?
  - ○ Continue on the concept construction
- What are the hurdles?
  - ○ N/A

20181022 - Daily Scrum Meeting Minutes
Attendees: Bryan Bastida, Andrew Castillo
Start time: 2:30 PM
End time: 2:45 PM

@Bryan Bastida:
- What was done since the last scrum meeting?
  - ○ Completed remaining user story videos
  - ○ Worked on concept construction
- What is planned to be done until the next scrum meeting?

- - Finish up concept construction
  - What are the hurdles?
    - NA

@Andrew Castillo:
- What was done since the last scrum meeting?
  - Working on query construction
  - Organizing all deliverables and Bitbucket for grading
- What is planned to be done until the next scrum meeting?
  - Continued organization for grading
- What are the hurdles?
  - NA

20181023 - Daily Scrum Meeting Minutes
Attendees: Bryan Bastida, Andrew Castillo
Start time: 11:00AM
End time: 11:15AM
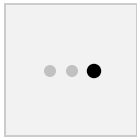

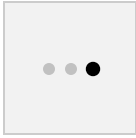

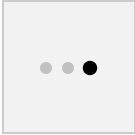

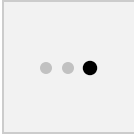

@Bryan Bastida:
- What was done since the last scrum meeting?
  - Added missing information to user story documents
- What is planned to be done until the next scrum meeting?
  - Add documentation to our current code
  - Keep track of any issues we've had
- What are the hurdles?
  - NA

@Andrew Castillo:
- What was done since the last scrum meeting?

  - Worked on [NVOS-7](#) - Sort and Filter Results Done
- What is planned to be done until the next scrum meeting?

  - Continue work on [NVOS-7](#) - Sort and Filter Results Done
- What are the hurdles?
  - NA

20181024 - Daily Scrum Meeting Minutes
Attendees: Bryan Bastida, Andrew Castillo
Start time: 2:30PM
End time: 2:45PM

@Bryan Bastida:
- What was done since the last scrum meeting?
  - Started adding missing documentation to code.
- What is planned to be done until the next scrum meeting?
  - Re work our concepts to replace the original search rather than add to the search
- What are the hurdles?
  - NA

@Andrew Castillo:
- What was done since the last scrum meeting?
  - Working on user story NVOS-7 - Sort and Filter Results Done
- What is planned to be done until the next scrum meeting?
  - Continue working on user story NVOS-7 - Sort and Filter Results Done
- What are the hurdles?
  - NA
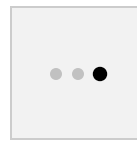

20181025 - Daily Scrum Meeting Minutes
Attendees: Bryan Bastida, Andrew Castillo
Start time: 11:00 AM
End time: 11:15 AM

@Bryan Bastida:
- What was done since the last scrum meeting?
  - Finished documentation for front end code
  - Finished reworking our concepts to replace the original search rather than add to the search
- What is planned to be done until the next scrum meeting?
  - Start working on filter
- What are the hurdles?
  - NA

@Andrew Castillo:
- What was done since the last scrum meeting?

- ○ Finished the sorting part of [NVOS-7](#) - Sort and Filter Results Done
- ● What is planned to be done until the next scrum meeting?
  - ○ Finish the rest of [NVOS-7](#) - Sort and Filter Results Done
- ● What are the hurdles?
  - ○ NA

20181026 - Daily Scrum Meeting Minutes
Attendees: Bryan Bastida, Andrew Castillo
Start time: 5:00 PM
End time: 5:15 PM

@Bryan Bastida:
- ● What was done since the last scrum meeting?
  - ○ Started working on filter
  - ○ Had sprint review
- ● What is planned to be done until the next scrum meeting?
  - ○ Do documentation for sprint review
  - ○ Continue working on filter
- ● What are the hurdles?
  - ○ Creating custom filters

@Andrew Castillo:
- ● What was done since the last scrum meeting?
  - ○ Worked on Filter for [NVOS-7](#) - Sort and Filter Results Done
- ● What is planned to be done until the next scrum meeting?
  - ○ Complete [NVOS-7](#) - Sort and Filter Results Done
  - ○ Work on completing sprint documentation and corresponding videos
- ● What are the hurdles?
  - ○ Figuring out to create custom filters in angular

20181029 - Daily Scrum Meeting Minutes
Attendees: Bryan Bastida, Andrew Castillo
Start time: 5:00 PM
End time: 5:15 PM
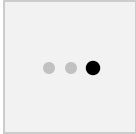

@Bryan Bastida:
- What was done since the last scrum meeting?
  - Sprint Review and Retrospective meetings
  - Created video for Data Structure Retrieved user story
  - Finished Data Structure Retrieved user story document
- What is planned to be done until the next scrum meeting?
  - Have Sprint planning meeting
  - Start on the user stories that are assigned (research first)
- What are the hurdles?
  - NA

@Andrew Castillo:
- What was done since the last scrum meeting?

  - Worked on   NVOS-7 - Sort and Filter Results Done
  - Sprint Review and Retrospective meetings
  - Created videos and documentation for the retrospective meeting
- What is planned to be done until the next scrum meeting?
  - Have Sprint planning meeting
  - Create Sprint planning video
  - Organize "must haves"
- What are the hurdles?
  - N/A

20181030 - Daily Scrum Meeting Minutes
Attendees: Bryan Bastida, Andrew Castillo
Start time: 11:00 AM
End time: 11:15 AM

@Bryan Bastida
- What was done since the last scrum meeting?
  - Sprint planning meeting
  - User story documents for missing user stories
- What is planned to be done until the next scrum meeting?
  - Start the new addition to display results
- What are the hurdles?
  - Getting multiple authors to show on the page

@Andrew Castillo:
- What was done since the last scrum meeting?
  - Sprint Planning meeting

- - Creation of Videos for user stories completed

  - Viewed requirements for [NVOS-7](#) - Sort and Filter Results Done
- What is planned to be done until the next scrum meeting?

  - Continue to work on [NVOS-7](#) - Sort and Filter Results Done
  - Create Sprint Planning Video
- What are the hurdles?
  - N/A

20181031 - Daily Scrum Meeting Minutes
Attendees: Bryan Bastida, Andrew Castillo
Start time: 2:30pm
End time: 2:43pm

@Bryan Bastida:
- What was done since the last scrum meeting?
  - Working on when a user clicks on the link for an article, it will open a new page with more information about the article
- What is planned to be done until the next scrum meeting?
  - Finish the new implementation for displaying results
- What are the hurdles?
  - Passing a JSON file from one component to another

@Andrew Castillo:
- What was done since the last scrum meeting?
  - Working on Moving the Sort and filter the correct position on the page
  - Troubleshooting Sort
- What is planned to be done until the next scrum meeting?

  - Continue working on [NVOS-7](#) - Sort and Filter Results Done
- What are the hurdles?
  - Having trouble with code versioning, cannot move forward without it

20181101 - Daily Scrum Meeting Minutes
Attendees: Bryan Bastida, Andrew Castillo
Start time: 11:00AM
End time: 11:15AM

@Bryan Bastida:
- What was done since the last scrum meeting?
  - Worked on adding the new page to display results that contains more article information
- What is planned to be done until the next scrum meeting?
  - Work on fixing pagination to add buffer
- What are the hurdles?
  - Understanding how to add buffer to pagination

@Andrew Castillo:
- What was done since the last scrum meeting?
  - Worked on fixing bugs in version control
  - Figured out why sort was not working in my code (browser issue)
- What is planned to be done until the next scrum meeting?
  - Continue working on NVOS-7 - Sort and Filter Results Done
- What are the hurdles?
  - Figuring out bugs with sort

20181102 - Daily Scrum Meeting Minutes
Attendees: Bryan Bastida, Andrew Castillo
Start time: 2:30 PM
End time: 2:45 PM

@Bryan Bastida:
- What was done since the last scrum meeting?
  - Worked on the new addition to displayresults
  - Only have minor things to add so I'm moving to finishing the user profiles
- What is planned to be done until the next scrum meeting?
  - Migrate original Firebase to nvos-scholar folder
- What are the hurdles?
  - NA

@Andrew Castillo:
- What was done since the last scrum meeting?
  - Worked on NVOS-7 - Sort and Filter Results Done
- What is planned to be done until the next scrum meeting?

- ○ Finish [NVOS-7](#) - Sort and Filter Results Done
  - ● What are the hurdles?
    - ○ Understanding Angular

20181105 - Daily Scrum Meeting Minutes
Attendees: Bryan Bastida, Andrew Castillo
Start time: 2:30 PM
End time: 2:45 PM
@Bryan Bastida:
- ● What was done since the last scrum meeting?
  - ○ Started reworking on the user sign up/login user story (Changed implementation from using Firebase to MongoDB with a MEAN stack approach)
- ● What is planned to be done until the next scrum meeting?
  - ○ Continue working on login
- ● What are the hurdles?
  - ○ User login not working due to authentication

@Andrew Castillo:
- ● What was done since the last scrum meeting?

- ○ Worked on [NVOS-7](#) - Sort and Filter Results Done
- ● What is planned to be done until the next scrum meeting?
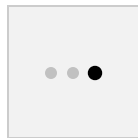

- ○ Work on [NVOS-7](#) - Sort and Filter Results Done
- ● What are the hurdles?
  - ○ Figuring out filter of dates

20181106 - Daily Scrum Meeting Minutes
Attendees: Bryan Bastida, Andrew Castillo
Start time: 11:00AM
End time: 11:15AM

@Bryan Bastida:
- ● What was done since the last scrum meeting?
  - ○ Found the cause of the error for login
  - ○ Started fixing the login feature
- ● What is planned to be done until the next scrum meeting?
  - ○ Finish login/logout

- What are the hurdles?
  - NA

@Andrew Castillo:
- What was done since the last scrum meeting?
  - Worked on [ ] [NVOS-7](#) - Sort and Filter Results Done
- What is planned to be done until the next scrum meeting?
  - Continue working on [ ] [NVOS-7](#) - Sort and Filter Results Done
- What are the hurdles?
  - Troubleshooting the difference between console results and webpage results

20181107 - Daily Scrum Meeting Minutes
Attendees: Bryan Bastida, Andrew Castillo
Start time: 3:30 PM
End time: 3:45 PM

@Bryan Bastida:
- What was done since the last scrum meeting?
  - Finished login/logout
- What is planned to be done until the next scrum meeting?
  - Start functionality to allow users to save articles to their profiles
- What are the hurdles?
  - Figuring out how to do so with CRUD commands

@Andrew Castillo:
- What was done since the last scrum meeting?
  - Working on [ ] [NVOS-7](#) - Sort and Filter Results Done
- What is planned to be done until the next scrum meeting?
  - Working on [ ] [NVOS-7](#) - Sort and Filter Results Done
- What are the hurdles?
  - Getting http response with date range

20181108 - Daily Scrum Meeting Minutes
Attendees: Bryan Bastida, Andrew Castillo

Start time: 11:00 AM
End time: 11:15 AM

@Bryan Bastida:
- What was done since the last scrum meeting?
  - Started page routing for user profiles and saved articles
- What is planned to be done until the next scrum meeting?
  - Have users save articles to their profile
- What are the hurdles?
  - Getting "Access-Control-Allow-Origin" missing error. Backend team member is working on fixing this.

@Andrew Castillo:
- What was done since the last scrum meeting?

  - Working on [NVOS-7](#) - Sort and Filter Results Done
- What is planned to be done until the next scrum meeting?

  - Working on [NVOS-7](#) - Sort and Filter Results Done
- What are the hurdles?
  - API malfunctions
  - Not sure exactly how to set up the get request.

20181109 - Daily Scrum Meeting Minutes
Attendees: Bryan Bastida, Andrew Castillo
Start time: 5:00PM
End time: 5:15PM

@Bryan Bastida:
- What was done since the last scrum meeting?
  - Got API errors fixed
  - Started working on allowing users to save their articles
- What is planned to be done until the next scrum meeting?
  - Finish saved articles
  - Create share link button
- What are the hurdles?
  - Saving articles to MongoDB

@Andrew Castillo:
- What was done since the last scrum meeting?

- - - ●

  - ○ Working on _____ [NVOS-7](#) - Sort and Filter Results Done
  - ○ Figuring out how to filter via API
- ● What is planned to be done until the next scrum meeting?
  - ○ Finish up documentation and videos
- ● What are the hurdles?
  - ○ Determining whether API request error is because of get request or backend issues

20181113 - Daily Scrum Meeting Minutes
Attendees: Bryan Bastida, Andrew Castillo
Start time: 11:00 AM
End time: 11:15 AM

@Bryan Bastida:
- ● What was done since the last scrum meeting?
  - ○ Finished the save article button
  - ○ Finished documentation and video for View Saved Articles
- ● What is planned to be done until the next scrum meeting?
  - ○ Start on save search history
- ● What are the hurdles?
  - ○ An error with the article API (The Same Origin Policy)

@Andrew Castillo:
- ● What was done since the last scrum meeting?

  - - ●

  - ○ Working on _____ [NVOS-7](#) - Sort and Filter Results Done
  - ○ Sprint Review/Retrospective Meeting
- ● What is planned to be done until the next scrum meeting?
  - ○ Sprint Planning Meeting
  - ○ Start on the new Sprint User stories
- ● What are the hurdles?
  - ○ Figuring out whether to sort via JSON file or after

20181114 - Daily Scrum Meeting Minutes
Attendees: Bryan Bastida, Andrew Castillo
Start time: 3:30pm
End time: 3:45pm

@ Bryan Bastida:
- ● What was done since the last scrum meeting?

- ○ Worked on documentation for view search history
- ○ Started working on view search history implementation
- What is planned to be done until the next scrum meeting?
  - ○ Continue working on implementation
- What are the hurdles?
  - ○ CORS error

@Andrew Castillo:
- What was done since the last scrum meeting?

  - ○ Worked on [NVOS-7](#) - Sort and Filter Results Done
  - ○ Finish documentation for Sprint Planning
- What is planned to be done until the next scrum meeting?
  - ○ Create videos for documentation of last Sprint and Sprint Planning
- What are the hurdles?
  - ○ N/A

20181115 - Daily Scrum Meeting Minutes
Attendees: Bryan Bastida, Andrew Castillo
Start time: 11:00 AM
End time: 11:15 AM
@Bryan Bastida:
- What was done since the last scrum meeting?
  - ○ Finished View Search History
  - ○ Finished View Click History
- What is planned to be done until the next scrum meeting?
  - ○ Work on documentation for remaining user stories
- What are the hurdles?
  - ○ NA

@Andrew Castillo:
- What was done since the last scrum meeting?
  - ○ Completion of [NVOS-7](#) - Sort and Filter Results Done
  - ○ Added some additional error checking to the date range

  - ○ Started research and implementation of [NVOS-28](#) - Cross Compare with other Search Engines Done

- What is planned to be done until the next scrum meeting?

  - Work on [NVOS-28](#) - Cross Compare with other Search Engines Done
- What are the hurdles?
  - webpage embedding seems to be a security issue

20181116 - Daily Scrum Meeting Minutes
Attendees: Bryan Bastida, Andrew Castillo
Start time: 2:30pm
End time: 2:45pm

@Bryan Bastida:
- What was done since the last scrum meeting?
  - Finished user stories for View Search History and View Click History
- What is planned to be done until the next scrum meeting?
  - Finish documenting code and start writing the final deliverable
- What are the hurdles?
  - NA

@Andrew Castillo:
- What was done since the last scrum meeting?

  - Worked on [NVOS-28](#) - Cross Compare with other Search Engines Done
- What is planned to be done until the next scrum meeting?
  - Work on [NVOS-28](#) - Cross Compare with other Search Engines Done
  - Create and upload sprint Videos
- What are the hurdles?
  - Embedding an outside webpage within our webpage

20181119 - Daily Scrum Meeting Minutes
Attendees: Bryan Bastida, Andrew Castillo
Start time: 2:30 PM
End time: 2:45 PM

@Bryan Bastida:

- What was done since the last scrum meeting?
  - Started documenting the rest of the code
- What is planned to be done until the next scrum meeting?
  - Finish video for View Click History
  - Continue documenting
- What are the hurdles?
  - NA

@Andrew Castillo:
- What was done since the last scrum meeting?

  - Finished   NVOS-28 - Cross Compare with other Search Engines Done
- What is planned to be done until the next scrum meeting?
  - Complete the Sprint planning documentation
  - Complete Sprint Videos for Sprint 5 and Planning for Sprint 6
  - Complete User Story documentation
- What are the hurdles?
  - N/A

20181120 - Daily Scrum Meeting Minutes
Attendees: Bryan Bastida, Andrew Castillo
Start time: 11:00 AM
End time: 11:15AM

@Bryan Bastida:
- What was done since the last scrum meeting?
  - Finished video for View Click History
  - Continued with documenting code
- What is planned to be done until the next scrum meeting?
  - Finish documenting code
  - Add Gmail login ability
- What are the hurdles?
  - NA

@Andrew Castillo:
- What was done since the last scrum meeting?
  - Completion of Sprint Planning documentation
  - Completion of videos for Sprint 5 and Sprint 6 Planning meeting

- ○ Completion of documentation for [NVOS-7](#) - Sort and Filter Results
  Done , [NVOS-28](#) - Cross Compare with other Search Engines Done .
- What is planned to be done until the next scrum meeting?
  - ○ Completion of videos on user stories [NVOS-7](#) - Sort and Filter
    Results Done , [NVOS-28](#) - Cross Compare with other Search Engines
    Done .
  - ○ Start [NVOS-34](#) - Feedback To Do
- What are the hurdles?
  - ○ N/A

20181121 - Daily Scrum Meeting Minutes
Attendees: Bryan Bastida, Andrew Castillo
Start time: 3:30 PM
End time: 3:45 PM

@Bryan Bastida:
- What was done since the last scrum meeting?
  - ○ Started implementing Gmail login
- What is planned to be done until the next scrum meeting?
  - ○ Finish the Gmail login
- What are the hurdles?
  - ○ NA

@Andrew Castillo:
- What was done since the last scrum meeting?
  - ○ Worked on [NVOS-34](#) - Feedback To Do
  - ○ Created and uploaded User story video

- What is planned to be done until the next scrum meeting?
    - Work on [NVOS-34](#) - Feedback To Do
- What are the hurdles?
    - N/A
